FORDHAM UNIVERSITY TEAM TO STAY IN BAY ST. LOUIS PRIOR TO GAME

With Tulane—Announcement to This Effect Made Wednesday Night at Sidelines Club—Monster Parade this Friday Evening Before Local Game with Foley.

The Sidelines Club of St. Stanislaus College held the first meeting of the 1939-40 season on Wednesday night at St. Stanislaus College with a record crowd and many new faces in attendance. President Walter J. Gex presided at the meeting, with all officers present, and Brother Peter, President of the College, and Brother Alexis, Vice-President, also in attendance.

Plans were made for the Club's participation in the annual parade which will precede the game to be played on Friday night between the St. Stanislaus team and Foley High of Alabama. Every member of the Sidelines Club is requested to march in the parade and everyone who intends to see the game also. The parade will form at the college at 7:00 and march up to the business section where it will be joined by the College and which will form and precede the parade after having played several selections before the Beach Drug Store, and then continue on to the stadium. Both teams are rated highly and it is expected spectators will enjoy an interesting game.

The meeting also learned that Fordham University of New York who play Tulane University in the Tulane Stadium a few weeks hence have been invited by Brother Peter to visit in Bay St. Louis and has placed all the facilities of the St. Stanislaus Stadium and Gymnasium at the team's disposal, and that the invitation has been accepted and the team and a staff of coaches, numbering about sixty in all will arrive on Friday before the game and be housed at the Reed Hotel.

The Sidelines Club promises to be a larger one than last year and one of the most active organizations in the town.

LITTLE FAIR GROUNDS MANAGER ANNOUNCES GAME POSTPONEMENT.

Soft Ball Contest Ed. Ortte Supervisors vs. Jackson Brewery Not to Play October 15.

On Sunday, October 15th the game of softball scheduled between the Ed Ortte's Supervisors and the Jackson Brewery team will be postponed on account of St. Stanislaus College home-coming event which is always of great interest to all. The policy of the Little Fair Grounds management is not to have any dates to conflict with S. S. C. at any time. This coming Sunday, Oct. 8th the Davis Athletic Club of New Orleans will play the Loicacano team.

Last Sunday one of the most interesting races ever held at The Little Fair Grounds was run by Mr. Borhies fast Big John from Biloxi and Mr. Lacey's "Anxious" from Poplarville. This race was a dead heat from start to finish.

CENTRAL SCHOOL PARADE

This Friday Afternoon In Interest of Drive for P-T. A. Membership.

P-T. A. Week begins this Friday, October 6 and will be one of much activity in Bay St. Louis in the interest of the drive for a greater membership for the local organization.

Central School P-T. A. now has 35 paid membership and the goal has been fixed at 150. The public is asked to co-operate and to assist in the pursuit of reaching this goal.

This Friday afternoon at 2:30 o'clock, led by the Bay High Band, pupils and others will stage a parade over the principal streets of the city, hoping to "go over the top" in this membership drive. And with the public good will leaders and others interested in this group work say they see no reason why this number should not be reached; that Bay St. Louis never lags, its civic consciousness is ever present and will not allow so commendable an objective to fall.

As an incentive to students it is announced that the grade bringing in the most membership will be given a party.

Watch for the parade today!

NEW DEMONSTRATION AGENT FOR HANCOCK CO. ASSUMES DUTIES.

Miss Eleanor Smith Succeeds Miss Louise Peters And Reports for Duty.

Owing to continued illness of her father and who needed her at home in the absence of other members of family, Miss Louise Peters, county demonstration agent for Hancock county, has resigned her job and is succeeded by Miss Eleanor Smith, of Wiggins, Stone county, Miss., who was appointed by the local board of supervisors. Miss Smith comes highly recommended and it is expected will prove a worthy successor of Miss Peters whose ability plus personality proved to advantage.

This work is for the rural districts of Hancock county only and does not apply to Bay St. Louis. It is important and encourages the women of the county to engage in further pursuit of home economics and domestic science and is supported by the State jointly with the county, each supplying the necessary funds. Miss Smith was accompanied here Monday by Mrs. Emma Lindsey, district agent, State of Mississippi.

NEW BLDG. FOR AUTO AGENCY

A. E. Voight, Gulf Chevrolet Company, Begins Construction Polatsek Place.

Mr. A. E. Voight, owner and operator of the Gulf Chevrolet Company, and resident agent for the Sinclair service corporation, Bay St. Louis, has begun the demolition of the front portion of the former summer residence for many years of Mrs. A. Polatsek and family, now owned by her heirs, Mrs. A. Reynolds and the Misses Polatsek.

Tearing away the front porch a modern store addition of 40 feet deep will be built to the former dwelling and to be used as a showroom and auto accessories store. The front will be flanked with great sheets of plate glass, structure of modern design and with the exterior of stucco finish. The floor will be of cement and Mr. Voight plans to keep a number of cars on the floor, ready for delivery and for the inspection of the prospective purchaser.

Neon signs will decorate the modern and handsome building, including one long vertical sign that will carry in lighted Neon letters the name, "Chevrolet."

This is quite a progressive move and the very fact Mr. Voight, owner of the agency, is building a representative structure and one that will be commensurate with the importance and attractiveness of our beach business section, is worthy of note.

"Sales of the Chevrolet have been increasing from year to year," said Mr. Voight, and my clientele and business have grown to such proportions that I must provide room for the increased business and the expansion is also in keeping with the growth of Bay St. Louis. One must keep step with the business trend of the city, in fact, keep ahead, and thus not only anticipate the business but be prepared for it and serve the public to best advantage."

The giant auto must go, it must make way for progress, for the march of more and better business. However, the great palm, admired by many and which gives the place a sub-tropical atmosphere, will be retained, and it is possible seats will be built around the trunk.

It is announced the building will probably be finished for November 1st and occupied at that time.

Mr. Voight will continue featuring auto accessories which has gone over big with him in the past two years—since he put in the first supply of this line.

He is truly a public-spirited citizen, a business man with vision, and this improvement will easily prove a valuable and lasting contribution to the growth of our city.

The Polatsek place is an old landmark. Of late years it has become, potentially, commercial property, and as such has been on the market for several years. Mr. Voight has manifested great wisdom in procuring this site for his business.

STANISLAUS DEFEATS RED STICKS

Plays First Outside Game of Season and Scores on Catholic High At Baton Rouge.

St. Stanislaus football team played its first game of the season at Baton Rouge Friday night and scored its first victory by a score of 7-6. The victory of the Rockchaws over Catholic High Bears has proven an incentive as it was well known the opponents composed of more seasoned and heavier material than the local collegians. The victory is all the more interesting and Coach Burge and local fans feel gratified over the results.

St. Stanislaus' first home game will be played this Friday night against Foley of Alabama and the home team should be given a big ovation by local attendance on the occasion of their first appearance on the Bay grid.

On Sunday, October 15 will be the Homecoming event and the opponents will be the strong St. Aloysius from New Orleans.

Other home games for the season are Gulf Coast Military Academy, Biloxi and Bogalusa, all outstanding.

The Sidelines Club is growing in membership and enthusiasm, however, more members are necessary to put it over in a big way and that response will be forthcoming. Our local athletics are a matter of civic pride and prove big advertising factors for our city.

Bro. Peter, president of the college says: "We are out to have at least one hundred Side Lines members this year. If you have not already joined, you can send your check for \$6.00 direct to me, and your season Side Lines pass will be mailed to you at once. This ticket, as you know, includes not only the football home games but also basketball, boxing, and other athletic events, as well as the annual football banquet."

WEEK-END GUESTS.

Mr. and Mrs. Horace Farr had as their house guests for the week-end Miss Jane Fier, who is attending Soule College at New Orleans; Mr. and Mrs. William Smith and daughter Joan and Billy Joyce, Misses Genevieve Seay, Melina Daggett and Evelyn Smith, all of Pascagoula, Miss.

TO SOLICIT FOR THE ORPHANS

Ushers of the Church Of Our Lady of the Gulf Will Conduct Annual Drive.

Members of the Usher Society of the church of Our Lady of the Gulf, under the auspices of the Diocese of Natchez and more directly under the management of the Very Rev. A. J. Gmelch, pastor, will, beginning Sunday, October 22, conduct a house to house drive for funds for the Catholic Orphan Asylum at Natchez.

As is known this drive for cash is every fall and our people, regardless of creed, have been liberal in their assistance to the orphaned children. This year should be no exception, but on the contrary, should bring better results.

"These orphans are very much in need," says Father Gmelch, "and you are asked to give generously when the ushers come to your home."

The Sea Coast Echo feels certain Father Gmelch's plea for the orphans will not be in vain.

U. S. CATHOLIC LEADER DIES AT HOME IN CHICAGO.

George Cardinal Mundelein, 67, Archbishop of Chicago Mourned by Nation.

George Cardinal Mundelein, 67, archbishop of Chicago, died suddenly at his home Monday. And the entire nation mourns the loss of one of its foremost citizens and the church one of its most beloved prelates.

Cardinal Mundelein was found dead in his bed at his residence in Mundelein, Ill., by Msgr. Patrick Hayes. Father Hayes had gone to the cardinal's room to call him when the prelate did not appear for customary morning devotions.

The Cardinal, who won wide notice for building the Chicago diocese into one of the largest and wealthiest in the world, was regarded as in "perfect health" as late as yesterday.

The diocesan office said he had worked at his duties Saturday and said mass yesterday, as was his custom, at the Seminary in Mundelein. One of the best known of the Catholic clergy in the United States, Cardinal Mundelein was mentioned as a papal candidate on the death of Pope Pius XI this year.

The Cardinal attracted worldwide attention in 1937 when he referred to Adolf Hitler, in a public address, as "an Austrian paper hanger and a poor one at that."

He was a close friend of President Roosevelt, whom he visited in the White House on several occasions. The President, on a tour of the nation in 1936, was a guest of the Cardinal at a luncheon in the prelate's Chicago residence.

In 1934, at a banquet honoring the cardinal, hundreds of civic leaders and Catholic laity were stricken ill in a poison plot which shocked the nation. Several died. Poison was found in the soup, and investigators traced the plot to an anarchist chef, Jean Cromes.

Under Cardinal Mundelein's tenure, the first Eucharistic Congress of the Catholic church ever brought to the United States was held in Chicago in 1926. More than a million of the faithful from every nation of the World participated in the services.

RESIDENT OF BAY SAINT LOUIS REACHES CENTURY MILESTONE OF BIRTH

Mrs. Angele Ladner, Born October 2, 1839, Near Baton Rouge, Has Resided Here Nearly all Her Life—The Very Rev. A. J. Gmelch Imparts Blessing.

A number of relatives, including children, grandchildren and great grandchildren and a number of friends from the neighborhood assembled at the home of Mrs. Angele Ladner, rear of St. Joseph Church, off Dunbar avenue, Monday evening, October 2 and celebrated the hundredth anniversary of her birth—quietly but happily, just as she wished it.

The Very Rev. A. J. Gmelch and party visited the home of the venerable lady and conducted a religious ceremony appropriate to the occasion and delivered a few fitting remarks.

Mrs. Ladner was born she says in a village that was located near Baton Rouge, La., the name of which she does not remember and which she understood had long ago been wiped away. She vividly remembers the war between the States and recounts many incidents of that time. Her mind is perfect and she also relates many things of other generations. Of course she remembers the time of the Spanish American war and the story of the more recent world war.

While naturally she feels the weight of one hundred years, she is active enough, and possessed of all her faculties, only that of her sight. She is blind and has been so for some time. However, she is cheerful and this should be an example for those who complain for things

The Saint Stanislaus Rock-A-Chaws open their home season Friday night, October 6, at 8 o'clock at the Saint Stanislaus Stadium against Foley High School of Foley, Alabama.

With only three lettermen of last year's squad, Coach Pete Burge has been working so diligently with his present material that at present he has a fair team to put on the field.

In their first game of the season against Catholic High of Baton Rouge, the Rocks eked out a 7-6 win. The experience gained in this contest was most valuable. The game, besides showing the weaknesses of the team to the coaches, also inspired the players with confidence in their ability to compete with the best.

Of the twelve men who saw action in this game, only four had had previous experience. "Doc" Blanchard, regular sub of last year, played his first full game as quarter-back. Prosser, Doucet, A. B. Bell, Vairin, Klempeter, L. Perez, Broussard and Tudury were the others playing their first game of varsity. Winn, Gianelloni and Folse, lettermen of last year, were of great assistance in keeping their team-mates cool in exciting moments of the game.

Coach Burge has been putting his charges through strenuous work-outs during the week so that the team will be ready for its first appearance before the home "folks."

The complete squad at present includes: Joe Folse, Frank Winn, "Doc" Blanchard, Edwin Little, Harold Doucet, Theo Tudury, Elmer Breerwood, Louis Perez, Thomas Klempeter, James Broussard, John Vairin, Arthur Gianelloni, Eddie Arceneaux, J. T. Prosser, Ed Zimmerman, Robert Ahearn, John Funk, Russell Lafferty, Adolph Schmidt, Keith Hardie, Robert Chauvin, Russell Elliott, E. B. Goellner, James O'Donohue, Hugh Blanchard, Edward Murlagh, James Stephens, A. B. Bell, John Rauch, Ignatius Gianelloni, James Schutt.

Prices of admission is 50c for adults and 25c for students. Season tickets are of sale and can be had for \$1.50 and 75c for the five home games.

In regard to the Foley team, the following was taken from the Mobile Press: "The Foley Lions opened their season Friday afternoon when they swamped the Jay High School of Florida with an avalanche of touchdowns to hang up a 47-0 triumph. Cecil Blackwell, on the first play of the game, raced 47 yards for a Foley marker and from then on the Baldwin Countians scored at will. Brown, 188-lb. halfback, put on a dazzling running display early in the game when he registered three touchdowns. Cecil Blackwell scored twice with the other markers counted by Helton and Earl Blackwell."

The above paragraph speaks for itself!

that are trivial compared to the fact this good woman has lost her sight but is cheerful and happy nevertheless. Mrs. Ladner's children include Mrs. Clara Kingston, Mrs. Mary Besancon, Mrs. Leontine Ladner, (all of Bay St. Louis); Mr. Isaac Ladner and Mr. Pierre Clausia Ladner, of Kiln. Ten children were born to Mrs. Ladner. Three girls and one boy are deceased. In addition to the many grandchildren there are four great grandchildren. She makes her home with her daughter Mrs. Leontine Ladner a widow, who takes care of her mother and does it with a feeling of supreme satisfaction and joy although her means of sustenance are scant, in addition to a family of children to support.

The centenarian has been blind for 10 years. When asked what would be her greatest desire and happiness, she readily replied, to have all my children and their children around me and to be able to see them once more before the inevitable.

At the celebration Monday night there was a great cake, contributed by a friend, other cakes and refreshment and everyone was happy—the first century birthday known in Bay St. Louis.

SERVING THE SECTION.

THERE may be people in Bay St. Louis who do not believe that a newspaper is an asset to the business interests of the town.

These persons should appreciate the fact that individuals have a tendency to feel friendly towards a town in which they do not live if they read a newspaper published in the other town.

We do not mean to say that any one town is entitled to all the trade of a given area. Every citizen of every town, little or big, should, we think, as a matter of policy buy at home whenever possible and, when unable for any reason to get what they want, turn to other trading centers for the desired merchandise.

In publishing a newspaper in Bay St. Louis we do not feel obligated to deprecate the growth of surrounding communities. As a matter of fact we take pride in the progress of every trading area in this section and hope to see the day when trade flourishes in every one of them. What promotes the prosperity of a neighboring town will, in the long run, advance the best interests of Bay St. Louis.

In publishing this newspaper we attempt to serve impartially but justly the entire section where people read our columns. We would be glad to render any service possible to any area and, when sometimes it may seem that we fail, it is mostly for the reason that the matter gets by our attention.

As a people we must learn to work together for the common good, even while each municipality makes an effort to advance its own fortunes. The competition that exists between towns is no reason for jealousy and enmity and the day has about arrived when all of us recognize it. There is room for all to make progress and grow in good fortune without encompassing the downfall of some other community.

CAN YOU BEAT IT?

AN Associated Press dispatch from Baton Rouge says: "Cecil T. Phillips, for the past 10 years an auditor of the Louisiana state penitentiary, tonight confessed that during the past two years he has embezzled a total of \$52,955.93 from the penitentiary."

We have seen buildings stolen, we have seen schools stolen, we have seen de-ducts stolen, we have seen the people of Louisiana robbed in devious ways by the politicians, but now they have almost stolen our penitentiary. They got a slice of it, but for future proper uses the people hope they have left accommodations for a few of our deserving thieves.

For plain and fancy political stealing, Louisiana must be awarded the palm. In fact, the state should be given a plaque, so popular in certain circles, for its achievement in thievery.

We have heard of people stealing a hot stove, we have heard of poor boxes in churches being robbed, we have heard of orphans and underprivileged children being made the victims of political thievery; but this is the first time we have heard of a penitentiary being stolen.

While Mr. Phillips did wrong, he probably saw so much stealing going on around him, in other departments, that he felt that to maintain the standard of the penitentiary he should go out and do a distinctive little piece of stealing himself.

It is hard for an ambitious man to stand idly by and see the parade of loot marching on without joining the procession.

P. S.—Dispatches from Baton Rouge early today report that the buildings of the penitentiary are still at Angola as this edition went to press.—N. O. States.

BUSINESS OUTLOOK FOR STATE GOOD.

PRESIDENT J. L. Beven, of the Illinois Central system, of Chicago, on a recent visit to the South and while stopping in Meridian, painted a favorable picture for the future in Mississippi and expressed optimism over business in both the state and entire country. Mr. Beven stated the Illinois is planning the expenditure of \$8,000,000 in new equipment which will include improvements on present stock and the purchasing of 2500 additional freight cars. Also Mr. Beven did not credit this bright outlook on the war in Europe, but stated that the discovery of oil in Mississippi will cause a tremendous upsurge of business.

The two-cent city tax on gasoline imposed in New Orleans in 1936 was repealed on Sunday, and the price of milk went up 1 cent a quart. The raise in milk prices resulted from the federal marketing agreement boosting the price distributors must pay dairymen. Other dairy products were expected to advance.

The people will have opportunity to vote on the mortmain amendments to the state constitution on Nov. 7. These amendments are for the purpose of modifying the provisions of the constitution which prohibit any person from a bequest in his will to any church or church institution. Mississippi is the only state in the union having such a clause in its constitution.

The death of Mrs. B. T. Hobbs, for many years editor and publisher of the Brookhaven Leader, following the death of her distinguished husband died at Jackson Tuesday of a stroke, aged 78 years old. She was one of the representative women of Mississippi, a splendid character and a born newspaper woman whose well known work was always for the constructive.

S. S. C. SIDELINES CLUB.

AS important is St. Stanislaus College to the community so is the success of its athletics as a potential advertising medium to this city and section.

Much of the success of the football team depends on the working material and coach. He must have the youth and then develop what he has.

But another important factor is co-operation. This, equally as important, is the backing of the community. The Sidelines Club was organized for this purpose. It has well fulfilled its mission as a contributing element from the community.

That it will function with equal if not greater success depends upon a large membership.

The fee is only \$6.00 per annum and admits the holder to games and certain privileges well worth while. But it is not the small cost that appeals, nor the return for the money, but by joining what one accomplishes for the community. From a civic standpoint it is like bread cast upon the waters.

Saint Stanislaus athletes travel and are good will ambassadors. They create a popular impression and advertise our city and coast.

If they are successful in their efforts as athletes they prove to better advantage. The Sidelines Club is organized primarily to help the boys win. For it is by substantial backing and the manifestation of a sustaining spirit they are assisted in attaining the desired goal of success.

The Sidelines Club is entitled to a liberal support. Any one may join and receive both the benefits that go to a member and equally assist a cause both for the college and the city.

OUR ROTARY CLUB.

A LARGE attendance of the Bay St. Louis Rotary Club this week well manifested the renewed interest in Bay St. Louis' civic luncheon club, after a long and extremely hot summer and a busy one that kept busy business men from regular attendance.

With cooler weather and with new members, two attending their first meeting this week; with more in view, it is evident the club has taken on a new stride and it is hoped the impetus will continue.

Rotary Club is a world wide organization of representative business. In only three countries of any size are there no Rotary clubs and it is well Rotary is out of these, Germany, Italy and Russia, totalitarian countries of little or no favor.

The Bay St. Louis Rotary Club has functioned for some thirteen or fourteen years uninterrupted. Of its original charter members there are a number. These men have stood steadfastly to the tenets of Rotary, the fellowship of man, the banding of business men for the accomplishment of good for the community. The club has a long list of accomplishments and may it continue in its work of building and doing for the community.

President Gray expressed satisfaction at the attendance and the manifestation of the cooperative spirit.

REMAINING ALOOF.

THE difficulty of remaining aloof from the rest of the world is well illustrated by the debate over the proposed repeal of the embargo on arms, munitions and implements of war.

Regardless of what the United States does its action will be beneficial to one side or the other in the struggle going on in Europe. As the law stands today our position is immensely advantageous to Germany. If the embargo is repealed our position will be beneficial to Great Britain and France.

No, no matter what we do, we will be giving aid and comfort to one side or the other. This being true, the issue might as well be settled on the basis of possible advantages that might accrue to the United States. Retention or repeal of the embargo has nothing to do with the possibility of this country getting involved in the war unless we are to assume that Germany will make war upon the United States over a matter that we have every right to decide as we see fit.

RAILROADS BUYING.

THE railroads of the country have ordered \$125,000,000 worth of new equipment in the last sixty days, according to Jesse H. Jones, Federal Loan Administrator, who asserts that the carriers will be able to meet any emergency demand.

The RFC has been offering money to railroads for equipment loans at interest rates of about three per cent but the railroads have been able to better the rate in the money market. If the loan market hardens the carriers can get funds from the RFC for equipment on liberal terms.

The people of the nation cannot overestimate the importance of the railroad systems that serve the nation. We are not going to start an argument about trains and trucks because each has a place in the economic life of the United States. It is important, however to keep our great transportation system up-to-date even if the government has to advance some of the money.

PIGS IN FRANCE.

IN FRANCE, one of those so-quaint customs is truffle-hunting. Pigs are sent to root up the edible tuberos roots, whereupon the truffle-hunter takes them away from the pigs and either eats them himself or sends them, more profitably, to the American market.

This always seemed to us like a very poor joke on the pig. But little did he suspect! There was worse in store for him. Now the French soldiers are reported taking those pigs up to the fighting lines and letting them root their way through no-man's land.

The pig, rooting enthusiastically, finds what he thinks is a truffle. But instead turns out to be a buried German mine. And with one stout thrust of his porcine muzzle, Mr. Pig goes to Kingdom Come.

If it were not for the saving fact that the pig has practically no future beyond the butcher shop, anyway, we'd say that was a pretty bad joke also.

Hollywood Notes.

WELL it seems that much publicized, long-looked for movie "Gone With the Wind," has had its first test premiere and it won't be long now before it will be released for its world premiere in Atlanta, Ga., home of the author, Margaret Mitchell.

Marlene Dietrich, who hasn't been seen on the screen for the past two years, has resumed her career, appearing in "Destiny Rides Again," with James Stewart.

Before Wallace Beery's most recent film, "Thunder Afloat," could be released, the film, which was made under the supervision of naval officials and technical experts, had to be reviewed by the Naval Board of Motion Picture Review, in Washington, D. C., for official approval on the technical details of the production.

Brian Aherne has been signed to play the leading role of William Essex in "My Son, My Son," which is to be produced soon.

There's little chance for a "romance build-up" for Sonja Henie in her latest picture, "Everything Happens at Night," because all the men in the picture—Ray Milland, Robert Cummings, Alan Dinehart, Leonid Kinsky and Maurice Moscovitch—are married men.

Warner Brothers, a leader in filming anti-Nazi movies has announced that thereafter this studio would remain 100 per cent neutral. Therefore, "Confessions of a Nazi Spy" and other films of a similar nature have been withdrawn from circulation.

It is rumored that Twentieth Century-Fox are planning to spend around \$2,000,000 on Shirley Temple's next picture, an adaptation of Maeterlick's "Blue Bird."

Charles Laughton is said to have been so self-conscious in his "Hunchback of Notre Dame" makeup that it became necessary for visitors to be barred from the set.

Martha Raye's insistence that she be given "glamorous" roles, dropping her comedy buildup which featured her large mouth, has caused her studio to drop her from their contract list.

Paramount wants Carole Lombard for the feminine lead in its production "F. O. B. Detroit." Wessel Smither's novel of the automobile industry, which has been delayed since last December because of the disapproval of the automobile manufacturers.

With the addition of John Littel, James Stephenson, Henry O'Neill, Frankie Thomas and Dennis Morgan to the cast of "The Fighting 69th" eighteen of Warners' twenty-eight male contract players are in the cast. The role to have been played by Priscilla Lane, the only woman scheduled for the film, has been eliminated from the scenario.

Because Jean Arthur refused to play the title role in Columbia's "Our Girl Friday," she was suspended without salary by the studio for twelve weeks, with the agreement, however, that her contract would be extended for that period. Rosalind Russell was given Miss Arthur's place.

DIMAGGIO NEW BATTING KING.

Joseph Paul DiMaggio, Jr., has been acclaimed the new batting champion of the American League, succeeding Jimmy Foxx, Boston first-baseman.

The Kanke slugger has a .382 mark, including 30 homers, 32 doubles, 106 runs and 126 runs batted in 118 games, taking the batting lead as soon as he returned to the lineup after an early season injury and holding the lead, dethroning Foxx.

IRVING BERLIN'S 'SECOND FIDDLE' FOR A. & G. THEATER

Sunday and Monday, 8-9—Boasts Dazzling Talent Parade—Composer's Newest Song Hits.

Irving Berlin's new songs, Sonja Henie's sunny brilliance, Tyrone Power's gay romancing, Rudy Vallee's singing and Edna May Oliver's fun—one of the greatest combinations of talent ever gathered for one show is making Irving Berlin's "Second Fiddle" the sensation of the preview critics who have lavished on the 20th Century-Fox film a chorus of praise.

It's something new in screen entertainment, this film which will open at the A. & G. Theater on Sunday, and it's filled with romance, dazzling spectacle, fresh comedy, six new Berlin songs and surprises galore, including sensational tangos on ice, snow rhumbas, ice ballets, and the new ballroom dance craze, the "Back to Back."

Bearing evidences throughout of the magic touch of Darryl F. Zanuck, 20th Century-Fox production chief, the screen play by Harry Tugend is a highly realistic story of film-dom's long search for a girl to play the heroine of a best-selling novel and what happens when she is found.

This is right in line with the trend, set by Zanuck in his production of Irving Berlin's "Alexander's Ragtime Band," of combining music with a story of real dramatic worth into perfectly blended entertainment.

"Second Fiddle" introduces, also, a New Orleans girl, a new star, Mary Healy, lovely young actress whose first screen appearance finds her in a romantic role opposite Rudy Vallee. The producers expect great work from this newcomer and her performance is hailed as fulfilling every expectation. Included with her in the cast are Lyle Talbot and Alan Dinehart.

For the first time on the screen Sonja Henie has a skating partner on the ice, young Stewart Brehm. The handsome Canadian athlete appeared with the ice star during her triumphant personal-appearance tour of the country last winter.

Sonja also hangs up her skating shoes temporarily to join Rudy on the ballroom floor in the "Back to Back," a new dance created by Harry Rosse from the song written by Berlin for the film. Other tune hits are: "I'm Sorry for Myself," "An Old Fashioned Tune Always Is New," "Song of the Metronome," "When Winter Comes" and "I Poured My Heart into a Song," all by Irving Berlin.

Based on a story by George Bradshaw, "Second Fiddle" was directed by Sidney Lanfield, with Gene Markey as associate producer.

And it appearing to the Board of Supervisors from the evidence, both oral and documentary, offered in support of said application that the circumstances alleged in said petition, as grounds for relief are true, and that the assessment as it now appears on said roll is incorrect in the following particulars:

That a building is assessed on said property that does not exist and that said building is assessed for \$60.00.

And the Board being fully satisfied that petitioner is entitled to have said assessment reduced, as herein provided, and that the board should so order:

It is therefore ordered by the Board of Supervisors of Hancock County, Mississippi, that said assessment be reduced from \$120 to \$60 for the year 1939, being a total reduction of the assessment as entered in Column No. 1 on said roll of \$60.

With the bringing in of Mississippi's first commercial oil well near Yazoo City a few weeks ago, it became necessary that rules and regulations for future operations in the prospective field, be formulated. The State Oil and Gas Board has announced that the proven area of the field is three and one-half miles east and west and five miles north and south, with the discovery well in the center of the proven area. Activity in the proven area will be limited to one well on each 40-acre block. Wells are to be located as nearly as possible in the center of the 40-acre blocks. There are certain exceptions, and other rules and regulations, full details of same can be secured from H. M. Morse, state oil and gas supervisor, Jackson, Mississippi.

So far as we know to Winnfield Moore, of Meridian, got the distinction of owning the first "Seeing-Eye Dog" in the State of Mississippi. The dog was presented to Miss Moore, who is a sophomore at State Teachers College, by Miss Bette Davis, movie star. Miss Moore is now in Hollywood, California, where she will train with the "Seeing-Eye Dog" for six weeks, before returning to Mississippi to resume her studies at the State Teachers College.

The Mississippi State Highway patrol is proving to be quite an agency for the recovery of stolen automobiles, and Major T. B. Birdsong's highway patrol men are getting to be quite adept at "Smelling out" a stolen car. The first three weeks of the current month they have been successful in recovering twelve cars reported as stolen.

Captain R. E. Hollister, head of the highway patrol permit bureau, requests that drivers of cars not apply for renewal of their licenses until December first. No driver's license in the state expires before December thirty-first, and one month ahead of expiration date is ample time to apply for renewal, states Captain Hollister. Of course, all licenses do not expire on this date, as some licenses do not expire until March 31, June 30, and September 30, 1940.

The period October Fourth and fifth will see the Civilian Conservation Corps enroll 1939 Mississippi youths, according to George Sadka, supervisor of enlistments for the State, in the C. C. C. The enrollment will be conducted simultaneously in nineteen different places in Mississippi for a six month enrollment period. Most of the enrollees will be assigned to Mississippi camps.

Increased interest is being manifested in the two amendments to the Constitution, which are to be voted on at the General election to be held on November seventh. The amendments modify the so-called Mortmain Statutes of Mississippi. Under the present laws a citizen can not leave property by a will to a church or a church orphanage, hospital, or college. If the amendments are adopted, property may be left by will to church related institutions under certain restrictions. A state-wide meeting of christian leaders was held in Jackson last week to further the campaign for informing the voters. Judge O. B. Taylor, of Jackson, reports that rapid progress is being made in setting up committees in the various counties of the State.

According to State Forester Fred Merrill added benefits of Four Million Five Hundred Thousand Dollars for forestry purposes in Mississippi have been set up. The payments will be for 1940 tree planting alone. It is estimated that six hundred million trees can be planted on six hundred thousand acres in Mississippi, state Mr. Merrill, and there are approximately eight hundred thousands in the state that need artificial reforestation. The Forestry Commission plans to treble the output from the state nursery next year, but even then it will not be able to grow any where near six million trees.

One of the largest sweet potato crops in the history of Mississippi has been raised this year, according to R. O. Monosmith, horticulturist of the Mississippi Extension Service. The 1939 crop is estimated at eight million bushels.

and that there is assessed a building at the value of \$550.00, and that said building should not be assessed for the reason that said building was removed prior to January 1st, 1938.

And the Board being fully satisfied that petitioner is entitled to have assessment reduced, as herein provided, and that the board should so order:

Frey for reduction in the assessment of real property, assessed to the said Petitioner as the owner thereof, at the page 65 and line 2 on said 1939 real roll as shown in said petition, the said reduction being asked on the ground that there is an assessment on property which never existed on the next preceding tax lien date.

And it appearing to the Board of Supervisors from the evidence, both oral and documentary, offered in support of said application that the circumstances alleged in said petition, as grounds for relief are true, and that the assessment as it now appears on said roll is incorrect in the following particulars:

That a building is assessed on said property that does not exist, and that said building is assessed for \$350.00.

And the Board being fully satisfied that petitioner is entitled to have assessment reduced, as herein provided, and that the board should so order:

It is, therefore, ordered by the Board of Supervisors of Hancock County, Mississippi, that said assessment be reduced from \$350.00 to \$0.00 for the year 1939, being a total reduction of the assessment as entered in Column No. 1 on said roll of \$350.00, a reduction of the amount in Column No. 3 of \$350.00, and..... of \$..... of the amount entered in Column No. 2 of this Board certify two copies of this order to the State Tax Commission, for its approval or disapproval and, if the foregoing order be approved by the State Tax Commission, the Clerk of this Board is hereby authorized and directed to change the Copy in his possession, to conform with the provisions of this order, and the Sheriff and Tax Collector be given the proper credit therefor, including district taxes.

Congress has gone through the second week of the extraordinary session. To illustrate that the wheels of legislation, as well as justice, grind slowly the net accomplishment toward the objective of the session amounts to the reporting out by the Senate Foreign Relations Committee of a neutrality bill by a vote of 16-7.

Under a "gentlemen's agreement" entered into by the President and the leaders of both branches of the Congress, nothing is to be considered at this session other than the question of neutrality. In other words, the President called the Congress into special session for the consideration of neutrality legislation and he desires the cooperation of the Congress to that end.

House Has Passed Bill. Since the House of Representatives in response to the President's wish at the last session of the Congress, enacted a neutrality bill, there is nothing for the House to do under the strategy of the Administration but await action by the Senate. While it is true that the House Bill did not fully meet the requests of President Roosevelt and Secretary of State Hull, the House nevertheless did pass a neutrality bill. Administration strategy of the Administration to send the Senate bill and the House bill to free conference. When the conferees have agreed they will then report the agreed bill to the respective Houses.

Thirty Days Debate. It is generally conceded that the Senate will debate the bill for at least thirty days. This means that the House Members will be forced to sit idly by and await the action of the Senate.

The Question. The controversial question involved is whether or not the House and the Senate will agree upon the repeal of the present embargo on arms and ammunition. Under the House bill there is an embargo on these articles of war. The President and the administration generally desire that this be repealed. The sentiment as we gather it after ten days in Washington is toward repeal; this notwithstanding the fact that much propaganda is being put out on both sides of the question. Unmistakably, if a vote were taken on the question today the embargo on these articles would be repealed, but whether this sentiment will change between the time the bill comes to a vote is another question.

MRS. JOHN W. BRYAN

COMPLEMENTS MISS JAUBERT BRIDE-ELECT OF MONTH.

Mrs. John W. Bryan was hostess to a party of a number of guests Wednesday noon and afternoon at a luncheon and bridge in compliment to her niece, Miss Lucille Jaubert, daughter of Mr. and Mrs. F. Jaubert of New Orleans and summer resident of Waveland, who is to be wedded on Saturday, October 14, to Mr. Lynne Smith, Jr., of Clarksdale, Miss.

The main dining room was appropriately decorated in the nuptial color. The table centerpiece was a wedding bell and later a huge white cake decorated the center. The figure of bride and groom ornamented the cake. Place cards represented wedding bells as if pealing forth their song of happiness and served as appropriate souvenirs.

The lovely beach home was decorated with cut flowers of equal beauty as the table decoration and the affair was not only thoroughly enjoyable but one of the most charming affairs of the season, in the manner as the gracious Mrs. Bryan always entertains.

Attending this lovely pre-nuptial gesture were Mrs. James Jaubert, Mrs. Paul V. Jaubert, Miss Betty Harris, Miss Fanny Schmidt, Miss Betty Ricau, Mrs. G. Schwartzmann, Miss Peggy Norman, Miss Mary Thomas, Miss Marie Alice Monroe, Miss Marie R. Ramelli, Messrs. Robert L. Camors and James Bryan completed the setting of this gay bevy of young people.

Miss Marie Alice Monroe will entertain this week at New Orleans at a miscellaneous shower in compliment to Miss Jaubert.

MRS. JOSEPH CHALONA'S DELIGHTFUL HOUSE PARTIES.

Mrs. Joseph Chalona has returned to New Orleans after a two-week stay at the family summer villa on Clermont Harbor, during which time she entertained a jolly house party including Mrs. Amanda Stutz, Mrs. Estelle Navarre, Mrs. Ida Zollinger and her sister, Mrs. Edna Neyzer. Another party, at a different time included Mrs. (Dr.) Peter Grafina, Mrs. Grundman and Mrs. Pauline Cunningham. The ladies, all expert players, played bridge as major pastime during their sojourn to the Coast and enjoyed their visit under the hospitable auspices of their charming hostess, Mrs. Chalona recently returned from a Caribbean cruise with a party of lady friends.

DECK DANCE BY GIRL SCOUT MARINERS WAS THOROUGHLY ENJOYED.

The Deck Dance given by the Girl Scout Mariners at Hotel Reed on last Saturday, September 30th was a huge success, with a splendid attendance and an enjoyable time provided by the Mariners for their friends. Dancing was enjoyed from 8:30 until 12:00, and the lovely ball room of the hotel afforded a splendid setting for an affair of this kind. It was decided to make the dances a monthly affair and it is hoped that each dance will prove a greater attraction than the last.

AN ACQUISITION TO LOCAL CIRCLES IS THE PRESENCE OF MRS. JOHN A. GREEN, WHO HAS BEEN VISITING HERE AND PLANS TO REMAIN UNTIL AFTER THE CHRISTMAS HOLIDAYS.

Mrs. Henry Stutz has just purchased the Jamison (brick) dwelling on the principal avenue of Clermont Harbor and will make it her family "country home," going to and from New Orleans. Mrs. Stutz last year sold her Waveland beach villa but the "Coast" proved compelling, hence her welcome return to the social circles which she so ably graces.

Mr. and Mrs. R. J. Martinez, who spend much of their time at their summer home corner North Beach Boulevard and Dunbar avenue, are spending the early fall in New York and write to local friends how much they are enjoying the World's Fair. C., where she has been spending the past five months, first at her own summer lodge at Lake Osceola and the past several weeks as a guest at the Skyland Hotel. The surgical ordeal was pronounced highly successful and the desired results obtained.

Friends of Mrs. Rita L. Breath will be pleased to learn of her convalescence and recovery from a heart attack Monday forenoon, which for time being caused apprehension. Others sojourning in New York City and enjoying the "World of Tomorrow" as graphically portrayed by the World's Fair are Mr. and Mrs. Geo. E. Pitcher, who are registered at the fashionable Wentworth Hotel.

Mr. Marion Green and sister, Miss Margaret Green, who left last week for New York, are sojourning at the well-known Hotel McAlpin, where many meet Orleansians and others from the South.

Mayor G. Y. Blaize Honored While Visiting At Hot Springs, Ark.

Mayor Blaize and party reached Hot Springs safely after a delightful journey by auto and are enjoying their stay, His Honor taking the baths daily and benefitting as well by the relaxation. A hot and long summer and a busy one with the affairs of the city, including a general supervision of the installation of the gas system over the city, proved exacting and exhausting of physical resistance.

From the Hot Springs press we note where Mayor Blaize has been officially received by the city fathers of that place and given not only courtesies such as he is entitled to because of his position, but distinctive honors by being appointed to several honorary posts and invited by the different luncheon clubs, including the Rotary and Kiwanis, a guest of honor and delivering an address before both bodies of business men.

Like the true representative that he is he is representing Bay St. Louis to advantage and his party is officially and socially recognized on all sides.

Mayor Blaize was appointed one of the judges for the county fair held there annually and was given complimentary membership admission to the country club for which Hot Springs is well known.

OUR GULF COAST.

The summer has gone, and Autumn is here just to know, the best time of year!

The leaves of all colors—so lovely and bright.

The sunsets at eve'n, all a wonderful sight.

Each season that comes to our lovely old Coast,

Makes it harder to know of which one to boast.

But one thing's sure, the Coast at all seasons—

Is lovely year 'round for so, many reasons!

There's fishing and golfing, and rides just galore,

Perhaps oil in future, as never before.

So come all you people, help clean up our streets

Before strangers come, let's give them all treats.

A city that's tiny and clean all the year.

Makes visitors feel, they have nothing to fear.

Let's hope that our roads just now so upset—

Be finished real soon, before rains, mud and wet.

Remember that roads all smooth and real fine,

Are joys to the traveler, and makes it sublime!

And now to Bay-Waveland, the twin towns so old,

To visitors here, we hope you are sold!
